# Brandon Robertson

## Full Stack Developer

The Basin, Victoria     brandonrobertson23@gmail.com

## Bio

Brandon has a strong customer focus which has been developed through his previous roles. Outside of the workplace he will proactively use his time to write/produce music and relax while enjoying the latest video games. His interest in sales, and gaming have made him a strong team player while also creating a problem solving maniac and combining that with his passion for tech and programming make him a strong developer for any team.
